

## Belair Great House – Barbados

Set on over 2 acres of beautifully landscaped grounds, Belair Great House is perched majestically on a cliff overlooking the magnificent south east coastline of Barbados.

Belair Great House is a restored 5 bedroom Plantation House that has retained the character and charm of its original era whilst still having all the modern facilities required to ensure a fabulous holiday.

The house has two floors which are both surrounded by verandahs that enclose three sides of the house which are a great spot for admiring the glorious island vistas and dramatic ocean views.

The lower floor has a formal dining room with a large antique mahogany table which easily seats 12 and a well equipped kitchen that opens out onto the ocean front verandah. The twin bedroom on this floor has an ensuite shower room.

The other 4 bedrooms are located on the upper floor and all overlook the swimming pool and ocean. The master bedroom has an ensuite bathroom which adjoins a small bedroom with twin beds and a further two bedrooms share the second bathroom.

The living area is also on this floor and with cable TV, VCR and CD player it's an ideal place to sit and relax, there is also an adjacent bar, an informal ding area that seats 8 and a fully equipped kitchen.

Set within the grounds there is a sparkling freshwater swimming pool and pool deck which includes a covered gazebo with a dining table that seats 10 and a barbeque for easy outdoor cooking. Belair also has a private tennis court for guests to enjoy.

The South East coast of Barbados has a different appeal from the busier South and West coasts and Belair Great House is within close proximity to many beautiful beaches.
