

Coral Point – Barbados

Coral Point is a 4 bedroom villa situated on a bluff overlooking the dramatic South East coast of Barbados.

The rolling waves of the Atlantic Ocean can be heard below and steps cut into the coral lead down to a sheltered, palm shaded beach. Coral Point has a private pool set on the cliff front with magnificent ocean views and in addition there is a shared pool set in an artfully landscaped garden-court shared by 3 villas on the point.

The villa has 4 air-conditioned bedrooms, Three of the bedrooms have ensuite bathrooms while the fourth is located across the hall. The open plan living/dining area is entirely open to the sea and for those who enjoy dining alfresco there is a large patio ideally suited to this.

Staff: Housekeeper
