

Lascelles Great House – Barbados

Lascelles Great House is a 4 bedroom plantation house that is steeped in history. Nestled in three acres of lush tropical gardens it is unique in that it offers seclusion and privacy in the heart of St James.

Originally part of the 17th Century Lascelles Plantation, the current owners have restored the house to a standard that reflects its historic importance with carefully chosen 18th and 19th century English, Italian and colonial furniture, paintings and sculpture complimented by a selection of West Indian contemporary art and wood carvings.

The 21st century has been introduced to blend with the 18th and 19th at Lascelles where all of the four bedrooms are equipped with air-conditioning, ceiling fans, televisions, DVD players, CD players and telephones. While the highlight of each bedroom is the furniture - from the beautifully hand carved Barbadian mahogany four poster beds to the selection of mahogany antiques and exceptional pieces of art.

The expansive grounds of Lascelles Great House, including the pool area, provide just the right mixture of sun and shade whilst the nearby gazebo is perfect for alfresco dining. There are various opportunities offered for entertaining whether it be a grand dinner party or a casual lunchtime BBQ.

The villa also boasts recently constructed flood-lit tennis courts.

The house is complimented by a great team of staff to cater to your every need including a cook, housekeeper, butler and gardener.

Just a few minutes walk away is the Historic Holetown with its wide array of amenities including many shopping and dining opportunities as well as some fabulous west coast beaches.
