

Illusion at Sugar Hill – Barbados

Located on the luxurious Sugar Hill Resort, Illusion is a recently constructed, highly contemporary 5 bedroom villa overlooking the sparkling blue waters of the Caribbean Sea

The kitchen has abundant space, easily accommodating two wine coolers, a number of stainless steel appliances and dumb waiter designed to facilitate the hassle-free transfer of meals to the external dining area. The principal dining room is spacious and cool with seating for twelve people at a glass table. This area opens onto a wraparound balcony and a view of surrounding greenery.

The living room with its characteristic muted British colonial style palette of beige, straw, and wood, has four equally proportioned bedrooms (two bedrooms on either side) and is tastefully designed to be comfortable - its furnishings include a stereo and bar. It is a cool open plan room which leads through a number of arches onto the pool deck.

A second living room is found within the master suite (available to rent only as a fifth bedroom) and is equipped with Cable TV, immense walk-in closets and an enormous bathroom which includes a tub and separate shower.

An elevator puts the bedrooms, deck level, pool and other lounging areas within quick and easy access. Two gazebos, just off on either side of the pool, provide a perfect place to entertain guests outside while enjoying nature's offering of spellbinding vistas of the West Coast.
