

Dolphins at Schooner Bay - Barbados

Schooner Bay is a magnificent beachfront development of luxuriously appointed spacious apartments close to Cobblers Cove Hotel towards the north of the island, and only a short walk to the shops and restaurants in Speightstown.

Dolphins is a spacious three bedroom apartment which is centrally air conditioned and finished with marble floors, marble vanities in the bathrooms and Italian custom-designed kitchen with granite countertops and appliances.

The apartment is well furnished with all the comforts of home, and has a tropical feel with the use of pastels and blues to compliment the finishes.

In addition to the wonderful beach, guests staying at Dolphins can also enjoy relaxing by the large freeform communal pool where lounge chairs are provided and wooden bridges over the pool allow easy access from one end of the complex to the next. There is also a poolside gazebo with steps leading into the swimming pool.

There is an elevator for guests convenience and also located on Schooner Bay's property is a gym upstairs above the on-site property manager's office.

Staff: Maid/laundress, 24 hour On site security
