

Mon Caprice - Barbados

Mon Caprice is a relatively new property, located a few steps away from the prestigious Sandy Lane beach. The two-storey luxury villa has been built using the local coral stone and set amongst private well established tropical gardens.

Two sets of vast mahogany doors form the entrance, with tall palladian windows in the hallway which leads to gracious living and dining areas featuring exquisite mahogany, antique furniture, custom copper chandeliers and an heirloom dining table seating twelve all creating an elegant colonial atmosphere.

French doors from the lounge provide enchanting views of the garden and access out to the secluded pool area, which is surrounded by an abundance of scented flowers and the shade of the mature mahogany trees.

Mon Caprice offers five spacious, air-conditioned bedrooms, each having en-suite and decorated in soft pastel shades to complement the dark wood furniture. Two bedrooms are on the ground floor and three on the first floor, including two master suites.

Also on the first floor is an informal sitting room, which has a TV, CD and VCR and a balcony with a dining area overlooking the gardens and pool area below. In the evening, as with many villas the atmosphere is transformed with the glow of candle light reflecting off the ceilings and walls, creating the perfect relaxing ambience.
